## **ANTAHPRAGNYA-2K18**

- *Celebrating RGUKT's 10 years of excellence*

### **CIRCUIT PUZZY**

**Rules:**

- A team shall consist of 2 members only.

**PROCEDURE :**

CIRCUIT PUZZY is an event held at **three** levels

**TECHNO QUEST:** Participants need to find all the words related to ECE in a puzzle within given time. The teams which find maximum number of words will be forwarded to next level.

**CIRCUIT BUILDING:** The participants are expected to find out the required components and build it on a bread board within the prescribed time. This is a level which tests the speed.

**FAULT SIMULATION :** A level which tests the understanding of the participants and their accuracy in finding out the fault in the circuit shown to obtain the desired output. Prize will be given to the team which completes the task in less time.

Regards,  
Team Antahpragnya 2k18
