There are about six teams and each team consists of six students with at least one student from each P1, P2 and/or E1. The criterion followed was sum of marks obtained by all group members in a team is same for all teams (initial scores). Those shortlisted couldn't make it to final quiz, respective individual/any of the team members should intimate us well in advance i.e by 12pm on Tuesday. On such cases, next preference will be given to the next highest scored students.
