# Internship at TheRightDoctors For Software Developers

## Opportunity to learn & master building Single Page Web Applications & Progressive Web Apps

As a Google Launchpad Digital Health Product Start Up we deliver Insights from the World's Best Medical Minds to other Doctors and their Patients facing complex medical problems through information sharing, training, advocacy and online consultation.

Our DPM ( Digital Patient Management ) app on Google Playstore (under testing) drives adherence and enables access to a doctors patients. Doctors get to digitize their OPD practice and Stay Connected to their patients through reminders for pill intake. Patients can connect to their doctor using live Tele /Video consults, set up priority/regular appointments and seek Second opinion.

We have won three international recognitions: Google Launchpad ( USD100,000 in platform credit ) , Berlin Bootcamp, Startupnetworkz Singapore (Start Up of Substance) while still in pre alpha phase. We are also a NASSCOM Showcase Start Up.

**Skill Set** : Apply if you are a full stack developer and proficient with /interested in Angular2 with an analytical mind and an ability to learn fast.

\*A high energy personality, a desire to deliver world class work and an ability to work long hours are key survival tools in a start up environment.

\*This is an excellent opportunity for those who are very good at what they do , are ambitious, workaholics and want to create a global impact through their work. We are a small team with big dreams.

**Job Profile** : Php laravel, node js, mongo DB, Angular 2, html5, CSS, bootstrap.On our website we have hundreds of content videos which are deployed on a custom made CMS

\*You will be part of a Progressive Web App (PWA) Development project which will be based on our web app Rest API.

If you would like to spend most of your time in the foreseeable future, deploying your coding skills to learn and master building Single Page Web Applications and Progressive Web Apps mail us your CV with examples of your project/past work to [ms@therightdoctors.com](mailto:ms@therightdoctors.com) with a cc to [cs@therightdoctors.com](mailto:cs@therightdoctors.com).

Stipend : Selected candidates will draw a stipend commensurate with their coding expertise / experience and deliverables.
