ANTAHPRAGNYA 2K18 (CSE DEPARTMENT)**

Dear all

Rural Entrepreneur is an event where projection of rural problems with Innovative solutions by energetic students are expected. From our childhood, we see many problems in our villages few of them might be our own pet problems so for that we might be having some illusionary solutions so friends come up with that type of solutions.

The beauty of this event is that you are free to explain your Ideas in your own style like ppt, oral, discussion or else in your own way.
