

iB Hubs IoT Preincubation session

After the successful completion of iB Hubs IoT preincubation session - I, the response from the students was overwhelming. We are very happy to see their proactive nature and enthusiasm in enhancing their skills to become a **MAKER**. As always, we are happy to help!

This is short timeline of the events conducted as a part of iB Hubs IoT Incubation programme.

Events conducted till now

Dec 21st, 2016 - A session on **Introduction to IoT & Basics of Entrepreneurship**

Jan 30th, 2016 - iB Hubs [Power X] workshop on **'Idea Generation & Idea Validation'**

March 14th, 2016 – IoT Preincubation session – I on **IoT Verticals, end-to-end IoT architecture and IoT product lifecycle**

Upcoming events

- **Online exam** to screen students for the Technical Hands-on workshop II
- **IoT Technical Workshop II** – A hands-on session with our own custom designed development boards
- **Interviews** to select the incubates for the iB IoT incubation centre
- Announcement of final list of incubates

Note – Dates for the upcoming events will be announced shortly.

As an initial step, all the students who are interested in the further events **should** register themselves in the registration link given below. Spot registrations are not allowed in any case.

Registration Link - <https://hub.rgukt.ac.in/hub/ibgroup/incubationreg>

Don't just dream, be a MAKER!
