NOTICE

This is to request all the students to give feedback about your mess food in the hub. Please take it seriously and help us to provide you with better service. If students didn't give a response, by default it will be considered as good. So from student welfare section please help us to serve you better by providing feedback. Your feedback will help us to enforce them to serve quality food.

Last month not even one percent of students gave feedback. So from our section we can't enforce anything without student feedback. Your feedback will decide how much the University has to pay to the mess people. So please take two minutes of time daily after dinner to give feedback. You can give it from your mobile also. So please help us to serve you better. Eating quality food is your right. Our section will work hard to enforce it with the help of your feedback.
