**CIRCULAR**

In continuation of Circular on schedule of EST and examination pattern for A.Y 19-20, SEM-I and II, a meeting has been chaired by Administrative Officer in Seminar Hall held on 20/01/2021, convened by Associate Dean Sciences and Humanities, Associate Dean Engineering with CoE, Addl. CoE, HoD of Physics, HoD of Chemistry, all have agreed for End Semester lab theory Examinations in offline mode keeping in view of lack of resources to carry out practical examinations in the lab as laid down in UGC guidelines. Under existing circumstances as one time measure due to COVID-19, the pass requirement in the laboratory end semester examination has been proposed to be a minimum of 50% marks in 100 Marks paper by waving off internal evaluation. The proposed pattern of examination and evaluation is applicable only for AY19-20 PUC-I Semester-II students.

It is also decided to adopt same pattern of examination and evaluation in the subsequent examinations for this particular batch of students who fail in the proposed pattern of examination.

The Controller of Examinations (CoE) is requested to prepare exam timetables and take all necessary steps.
