Technologies, Basar, Telangana

A One-Day Workshop on

EMPLOYABILITY SKILLS

30th January, 2020

Department of English

Antahpragnya 2k20

About the University

Rajiv Gandhi University of Knowledge Technologies is established in 2008 and then it's adopted by Government of Telangana to cater the needs of rural meritorious students who have passed out 10th Class for Six years integrated B.Tech program with an intake of 1000 students per year. RGUKT is residential campus spread in 270 acres in the abode of Gyana Saraswathi Temple who is worshiped for knowledge and wisdom. After a rigorous process of selection for the admission into Integrated B.Tech program, students undergo training in Pre University Courses (PUC) equivalent of state Intermediate syllabus. Based on CGPA score in PUC, students can choose branch of their interest from various branches of engineering (CSE, ECE,CIVIL, MECHANICAL, MME, Chem and EEE). The university is unique in sending students in their 3rd and 4th year of B.Tech to industries to bride the gap of academics and industry. A special training is being given during six years program to hone skills (soft and technical) as a part of campus placement drive. Students are trained well for all around developments and to meet the challenges.

About the Department of English

The Department of English plays a pivotal role in developing communication skills among students to sharpen their capability. In addition, an intensive and comprehensive approach is adopted for strengthening their language competency. Students are encouraged to do projects and also are motivated and trained to contribute to newspapers.

The department has dedicated and well qualified staff members with an expertise to offer various courses like TOEFL, IELTS and GRE. For effective language skills enhancement, language labs are used on regular basis. Foundation courses on communications and soft skills are offered in each semester. Students have been motivated to participate in department association activities, national and international conferences, seminars, guest lectures, workshops and other such activities.

Vision of the Department

To achieve the academic excellence through English Language Competency resulting in excellent communication skills and employability skills in the students.

About the Workshop

The workshop on Employability Skills aims at bettering the career prospects of the learners. The learners become autonomous and their intellect is developed in multiple ways gaining knowledge through the workshop. It provides scope for the learners to pose questions and get feedback. It also helps in learning through a practical approach. It motivates the learners to take part in the activities conducted in an atmosphere different from that of a classroom. The expert experience would add value in learning strategies to increase the potential of the learners.
