NOTICE

In view of the unrest and protest by the students since 23.9.2018 in the University campus, several efforts have been made throughout the day to convince the students by the Vice Chancellor, calling the students for discussion on their demands. But, neither the students nor their representatives have come forward and shown any interest to discuss with the Vice Chancellor on their demands, except displaying placards and further that the students decided to protest indefinitely and unwilling to come to discussions.

To bring the situation under control and to maintain peace and harmony in the University campus, and to prevent the possibility of antisocial elements taking over leading to violence in the campus, the authorities have been left with no other way except declare holidays until further orders. In view of this, the mess, dormitories, hostels will be closed tomorrow ie 25.9.2018 onwards after breakfast. Out passes will be issued to all the students in their respective Hostels by the Incharge Teachers.

VICE-CHANCELLOR
24/9/18

Copy to all HODs with a request to arrange eight teachers at each hostel to distribute out passes.
