The students have to register for all the courses of E3 & E4-S2 and shall give the preferences for the programme electives and open electives, as per the registration form. The students shall carefully select Programme Electives/Open-Elective courses while they register. No modifications will be done once the registration is completed. Few Departments are offering multiple courses under Open Electives, therefore the allocation of the students for such courses will be on a “**first come, first serve**” basis.

The students who have opted for the NPTEL course need to go through the link and register before the deadline for that subject with their DOMAIN MAIL ID only and they have to choose Rajiv Gandhi University of Knowledge Technologies, Basar under the local chapter in the enrollment form.

To float a Programme Elective or Open Elective, a minimum of 30 students must register for that subject.

The students who could not register or complete their registration, for whatsoever reason, during the above period can do their registrations manually at the Academic Section by 22nd January 2024, upon payment of Rs. 500/- as a late registration fee. If any student does not give any preference(s), then the Academic Section will allot a course(s) from the available pool of courses that are being floated.

The last date for registration will not be extended under any circumstances and the preferences cannot be altered once they are given.

Note: The semester registration of the students, who are not eligible for any scholarships/fee reimbursement, and who got admission under the Global/Unfilled Global category, shall be on hold until the tuition fee for the academic year 2023-2024 is cleared.
