# ABOUT

---

April passed by quickly full of emotions, memories, and activities. Our PUC students were busy with textbooks, exams, and deadlines. E3 students spent their time planning and capturing memories for their seniors, giving them a special send-off.

E4 students lived their final days on campus with joy and nostalgia. They shared laughs, and moments that reminded them of their journey at RGUKT.

E1 and E2 students quietly moved through the month—completing assignments, attending classes, and thinking about upcoming exams.

But overall, April was not just about routines. It was filled with achievements, competitions, celebrations, and emotional moments. We all did something meaningful this month.

This Edition brings you all the highlights, updates, and memories from April. Flip through and relive the best parts of this unforgettable month.

## Special Note

**THIS MONTH HAS BEEN TRULY  
REMARKABLE FOR RGUKT BASAR  
WITH THIS EDITION OF THE  
STUDENT. THIS EDITION CAPTURES  
THE ENERGY, ACHIEVEMENTS, AND  
UNFORGETTABLE MOMENTS OF THE  
PROMINENT MONTH.**

### CAMPUS LIFE

Apr 02

#### RGUKT student represented **TELANGANA** in **Viksit Bharat Youth Parliament-Delhi**

Sai Kiran, a student of RGUKT-Basar from CSE Dept, represented Telangana at the national level of **Viksit Bharat Youth Parliament 2025** held in New Delhi. Organized by the Ministry of Youth Affairs & Sports and NYKS, the event empowers youth in nation-building.

After winning at the district (Siddipet) and state levels, he was among 28 students across India chosen to share their views before national judges and youth leaders. He spoke confidently on "One Nation, One Election", highlighting its role in strengthening democracy. Congratulations to N. Sai Kiran for this remarkable achievement.

In recognition of his achievement, VC Prof. A. Govardhan, OSD Murali Darshan and AO Ranadheer Sagi. congratulated Sai Kiran in a special gathering on 8<sup>th</sup> April, joined by T. Rakesh Reddy Sir IIED Coordinator. Their appreciation added great encouragement to his accomplishment.

Apr 05

#### **Babu Jagjivan Ram Jayanti** at RGUKT

Babu Jagjivan Ram Jayanti was solemnly observed in the AB3 Conference Hall with the esteemed presence of Vice Chancellor Prof. A. Govardhan, Officer on Special Duty Mr. Murali Darshan, and Administrative Officer Mr. Ranadheer Sagi. The event witnessed the participation of distinguished faculty members, Deans, Head of departments, administrative staff, and students.

The celebration honored the birth anniversary of Babu Jagjivan Ram, a visionary leader and social reformer renowned for his unwavering commitment to the upliftment of marginalized communities and the promotion of social justice and equality. His enduring legacy continues to inspire generations to strive for an inclusive and equitable society.

Apr 6-7

## Checkmate for Change

### RGUKT Hosts Grand Chess Tournament

### to Uplift Rural Minds

The campus of RGUKT Basar was buzzed with excitement and enthusiasm as it hosted a grand Chess Tournament on the 6th and 7th of April 2025, organized in collaboration with the Chess Network. This event brought together around 200 students, turning our university into a hub of strategy, focus, and friendly competition.

We were honored by the presence of Chess Network President Mr. Sanjay Gajjala, General Secretary Mr. Hari Sreeramoju, and Executive Committee Members Mr. Kiran Reddy and Mr. Rajanna Venishetty. Their presence greatly encouraged all the participants and added prestige to the event.

The tournament was formally inaugurated by our esteemed Vice Chancellor, Prof. Govardhan, who addressed the gathering with inspiring words about the importance of chess in building mental strength and discipline. Adding to the excitement, My Village Show team, approached and encouraged the participants, bringing additional energy and community engagement to the event. The Prize Distribution Ceremony on the 6th was made even more special by the presence of Prof. Ghanta Chakrapani, the former Chairman of the Telangana Public Service Commission and current Vice Chancellor of Ambedkar Open University. His words motivated everyone to take the game beyond the walls of the university.

Behind the scenes, a dedicated team worked tirelessly to ensure the success of the event. Faculty members such as Prabhakar Rao Garu, the overall sports in-charge, and Rakesh Reddy, the IIED Cell Coordinator, played key roles. Students like Navaneet, the event coordinator, along with numerous volunteers and chess players, contributed significantly to the smooth execution of the tournament.

The tournament was not just about winning or losing—it carried a larger purpose: to promote chess within the student community of RGUKT and to extend the reach of this remarkable game to the villages of Telangana. The goal is to inspire children and youth from rural areas to take up chess, helping them develop sharper minds, better focus, and greater confidence.

## Matwhiz Founder returns to inspire the Next Gen at RGUKT

Had the pleasure of interacting with Mr. Veeresham Mokali, an alumnus from the B09 batch of Metallurgical and Materials Engineering at RGUKT Basar. He shared insights into his university journey, the experiences that shaped him, and how they influenced his career path.

It was truly inspiring to hear about his entrepreneurial journey with Matwhiz Ingenuity Pvt. Ltd., a company specializing in computer programming, consultancy, and innovative tech solutions. His work focuses on leveraging technology to address real-world problems. His insights into both professional and personal growth made for an engaging and valuable discussion.

This insightful interaction took place in MME seminar hall, in the presence of MME HoD, Kiran Kumar Atyam, who constantly strives to expose students to opportunities that help them grow and excel. Grateful for the opportunity to connect and learn from such inspiring individuals!

Apr 09

## A Day of Pride: ₹15 Lakh Grant Sanctioned by Hon'ble Governor

April 9, 2025, was a proud and memorable day for our university. The Hon'ble Governor of Telangana, Sri Jishnu Dev Varma, sanctioned ₹15 lakh from the Governor's fund to support RGUKT's incubation center. The funds were formally received by our Vice Chancellor, Prof. A. Govardhan Sir, following an earlier discussion between the Governor, Rakesh Reddy Sir, and a group of students, during which the Governor had promised this support in recognition of the university's growing focus on innovation and entrepreneurship.

During the same occasion, Prof. A. Govardhan, our Vice Chancellor, had the honor of presenting the university's Student Magazine to the Hon'ble Governor of Telangana, Sri Jishnu Dev Varma. The magazine, a product of the collective creativity and hard work of the students, showcases a variety of student-driven content, including articles, artwork, and reflections on university life and beyond.

This day marks not just a financial boost for student innovation, but also a moment of encouragement and recognition for the vibrant student culture nurtured at our university—thanks to the continuous guidance and visionary leadership of our Vice Chancellor.

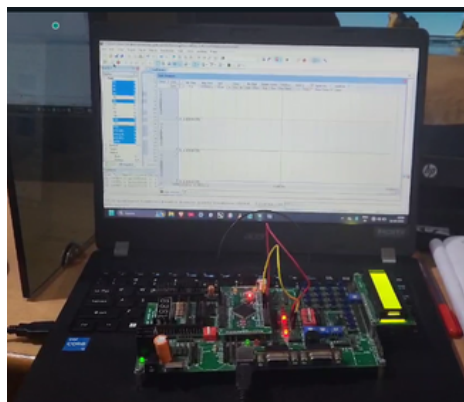

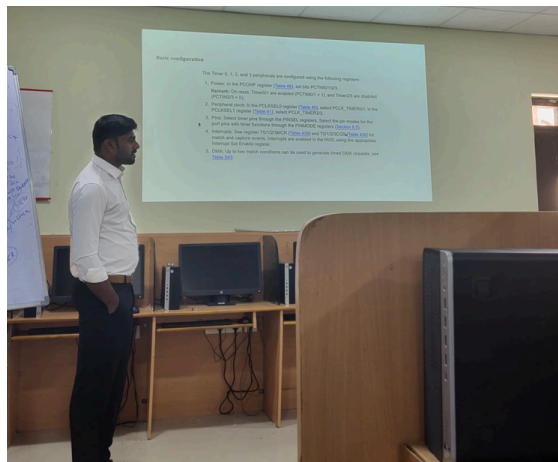

Apr 10-12

## 3-Day Embedded Systems Workshop - Dept. of ECE

A special three-day workshop on Embedded Systems was organized for the students of the ECE Department at RGUKT-BASAR. The program was conducted by a startup company called Sense Academia, founded by former students of IIIT Nuzvid, Andhra Pradesh. The sessions were led by Sudheer Sir, the CEO of Sense Academia, along with two experienced mentors.

The workshop was designed to give students hands-on experience with embedded systems by allowing them to code and run programs directly on hardware boards provided during the sessions. The department faculty and administration provided great support in successfully organizing this workshop.

On Day 1, students were introduced to the basics of the Internet of Things (IoT) and Embedded Systems. They also worked on simple LED-based projects, where they learned how to control LEDs by writing and running basic code.

On Day 2, the focus shifted to key topics such as timers, interrupts, and different types of registers. Students applied these concepts by building projects like traffic light controllers and patterned LED generation circuits.

On Day 3, students learned about ultrasonic sensors, UART (Universal Asynchronous Receiver-Transmitter) communication, and 7-segment displays. They completed practical projects using real hardware, such as the Cortex M3 development board, where they explored how sensors work and how data is communicated between devices.

Throughout the workshop, students received hands-on training and understood the importance of embedded systems in the modern tech world. It was a great opportunity for everyone to get exposure to industrial-level practices at the university level.

At the end of the workshop, Sense Academia also announced the Summer Industrial Training cum Internship Program - 2025, which will be organized in association with RGUKT-BASAR.

The workshop helped students build a strong foundation in embedded systems and opened doors for more advanced learning opportunities in the field. It sparked excitement among students to explore new technologies and better prepare themselves for future industry demands.

Overall, the three-day workshop was a great success, exposing students to the latest trends in embedded technology and giving them the confidence to work on real-world projects.

Apr 11-14

## Mahaneyula Jayanthi Celebrations at RGUKT Basar

### Day 1 - Inauguration

On a meaningful day at RGUKT Basar, the university community came together to honor three legendary social reformers—Babu Jagjivan Ram, Jyotiba Phule, and Dr. B.R. Ambedkar. The event took place in the AB3 Conference Hall, in the presence of our Vice Chancellor Prof. A. Govardhan, deans, faculty members, administrative staff, and students.

The program began with a respectful garlanding ceremony, paying homage to the enduring legacy of these leaders. An inaugural documentary highlighted their lifelong efforts in fighting for equality, social justice, and education for all. Faculty and students actively participated by sharing reflections, personal learnings, and heartfelt stories about how these reformers shaped Indian society.

On a meaningful day at RGUKT Basar, the university community came together to honor three legendary social reformers—Babu Jagjivan Ram, Jyotiba Phule, and Dr. B.R. Ambedkar. The event took place in the AB3 Conference Hall, in the presence of our Vice Chancellor Prof. A. Govardhan, deans, faculty members, administrative staff, and students.

The program began with a respectful garlanding ceremony, paying homage to the enduring legacy of these leaders. An inaugural documentary highlighted their lifelong efforts in fighting for equality, social justice, and education for all. Faculty and students actively participated by sharing reflections, personal learnings, and heartfelt stories about how these reformers shaped Indian society.

### Day 2 - Elocution , Movie Screening

As part of the four-day celebration at RGUKT-BASAR, the second day featured a screening of Dr. B.R. Ambedkar's biopic at the SAC Auditorium. Many students attended the event and were inspired by his remarkable life story.

An elocution competition was also held, where students passionately expressed their thoughts about Dr. Ambedkar, Mahatma Jyotirao Phule, and Babu Jagjivan Ram.

### Day 3 - Essay writing, Poster Presentation, Cultural Events

In addition, a variety of competitions such as essay writing, singing, skits, dance, poster presentations, and poetry were organized to honor the legacy of the three great leaders. These events provided students with a platform to express their creativity, reflect on the leaders' ideals, and engage with themes of patriotism, social justice, and cultural pride. A large number of students participated with great enthusiasm, and winners

were promised cash prizes as a token of appreciation for their efforts and talents. The celebrations reflected the spirit of unity, equality, and education that our leaders strongly believed in and fought for. The competitions also fostered a spirit of healthy competition, teamwork, and mutual respect among participants.

### Day 4 - Dr.BR Ambedkar Jayanathi, Valedictory

On the final day of the four-day celebration at RGUKT-BASAR, the SAC Auditorium was filled with excitement and energy. The event began with powerful speeches from our faculty members, who spoke about the life, struggles, and lasting impact of Dr. B.R. Ambedkar on society.

The program started with the garlanding of Sri Saraswathi Matha's photo, seeking blessings for knowledge and wisdom. This was followed by an exciting series of skits, dance performances, singing, and other cultural activities that added color and joy to the celebration. Each performance reflected the inspiring message of social equality, education, and justice.

At the end of the program, all participants received participation certificates from the university, which made them feel proud and happy to be part of the celebrations. Many students shared that the event was truly worth their time, as they learned more about Dr. Ambedkar's life and the many struggles he faced for the betterment of society.

As always, whenever there is any volunteering work, the NSS comes forward to serve the nation. They played an important role in managing the event smoothly. Their discipline and dedication helped in the successful handling of the program.

The day was a beautiful tribute to the memory of Dr. B.R. Ambedkar and served as an inspiration for all students to work hard for a better future.

Apr 10-12

## OutReach Program: Career Guidance Session under SDG-17

As part of UN SDG 17 (Partnerships for the Goals), a 2-hour career guidance session was held at Mudhole, Basar, for the SSC Batch of 2025 from Telangana Social Welfare Residential Schools. Led by Ms. I. Lakuma Devi and Dr. N. Vijay Kumar, the session focused on answering the key question: “What’s next after SSC?”

Students were guided on various pathways, including Intermediate courses, Polytechnic programs, 6-Year Engineering at RGUKT, competitive exams like PolyCET and RIE-CET, as well as skill development programs and scholarships. Emerging career options in STEAM fields were also highlighted.

The initiative aimed to build informed aspirations and promote inclusive education, supporting SDG 4 (Quality Education) and SDG 17.

Apr 29

## VC Prof. A. Govardhan Awarded IndiGlobal Leadership Award 2025.

We are proud to announce that Prof. A. Govardhan, FIE, FCSI, C.Eng, FIETE, FISDS, FCSRC, FRSS(UK), Hon'ble Vice-Chancellor of RGUKT Basar, has been awarded the prestigious IndiGlobal Leadership Award 2025 for his visionary leadership and outstanding contributions to the field of education.

The award was presented on April 29, 2025, in the presence of the renowned artist Tanikella Bharani garu and other distinguished delegates during the 3rd IndiGlobal Education Festival held at Park Hyatt, Banjara Hills, Hyderabad. His esteemed honor recognizes his relentless commitment to academic excellence, innovation in education, and his inspiring efforts to shape the leaders of tomorrow.

On behalf of the entire RGUKT Basar community, we extend our heartfelt congratulations to Prof. A. Govardhan sir on this well-deserved recognition.

# STUDENT ACHIEVEMENTS

## From RGUKT to Bangalore:

### WattWise Wins Siemens Innovation Prize

Team WattWise from RGUKT-Basar made us proud by reaching the top 15 in the national-level **Tech For Society Hackathon 2025**, hosted by **Siemens and the Nasscom Foundation**. Competing against 700+ teams, they made it to the top 40 finalists and presented their innovative project on April 16–17 in Bangalore, at The Grand Ballroom.

The team— Salve Surya Raj(B21),Enugula Venu(B21), Gulimi Keerthi(B19) and Maddirala Ruchitha(B19); all are from CSE dept.-built an AI-powered platform called WattWise that helps optimize energy usage. Using XGBoost, TensorFlow, and React.js, they created a smart solution that impressed judges with both tech and design.

Surya Raj crafted a clean and modern UI/UX, Keerthi delivered a confident 7-minute pitch, Venu explained the AI model's working, and Ruchitha skillfully handled the 3-minute Q&A session. After intense sprints and reviews, the results were announced and Team WattWise bagged the Siemens Innovation Prize Box, placing them among the top 15 winners.

The team now plans to develop this project into a green tech startup, turning energy forecasts into real impact. Their journey shows how passion, teamwork, and innovation can spark real change.

## RGUKT Students Excel at “Sankalp 1.0”

Students from RGUKT Basar made their mark at the national conference Sankalp 1.0, hosted by SGGSIE&T, Nanded in collaboration with Godavari Drugs Limited. Focused on recent advancements in chemical engineering, the conference provided a valuable platform for innovation, learning, and networking.

A group of 17 students from RGUKT—mainly from the 2nd and 3rd years—enthusiastically participated in various segments, including paper presentations, poster presentations, and a hands-on workshop on Ansys Fluent. Their participation stood out for its energy and creativity.

Among the highlights, Team Zenith won a consolation prize for their poster on algae as a sustainable feedstock. Meanwhile, A. Akhil and Siri Chandana bagged 1st and 3rd prizes respectively in the workshop quiz, showcasing both technical understanding and competitive spirit.

This event was a proud moment for RGUKT, reflecting the dedication, curiosity, and innovation that define our student community.

# STUDENT JOURNEY

## AZeotropy: Bridging Academia and Industry in Chemical Engineering

AZeotropy, recognized as Asia's largest Chemical Engineering symposium, is a vibrant platform that brings together students, industry experts, and academia. The event, organized as a non-profit initiative, features a unique blend of competitions, lectures, panel discussions, exhibitions, workshops, and more. With the mission to cultivate the spirit of Chemical Engineering among young minds, AZeotropy successfully attracts participants from over 350 colleges, 50+ industry leaders, and garners a massive footfall of approximately 12,000 attendees.

This year, a group of our university students had the opportunity to attend the symposium. The delegation included V. Divyasree (B19), who served as the Campus Ambassador, along with G. Maanasa (B21), A. Akhil Rao (B21), N. Chandana (B21), and G. Sathwika (B21).

The event hosted enlightening lectures by renowned speakers such as Mr. S. Bharathan, Director of Refineries at HPCL, Mr. Maulik Mehta, CEO & Executive Director of Deepak Nitrite Ltd., and Prof. Genki Yoshikawa, Group Leader at NIMS, Japan.

Additionally, workshops on OPEN FOAM and ANSYS provided hands-on learning experiences, enabling students to gain practical insights and enhance their technical knowledge.

Throughout the symposium, our students were inspired by notable personalities including Gerald Fuller, Professor of Chemical Engineering at Stanford University, Douglas Buttrey, Professor at the University of Delaware, and Abraham D. Stroock from Cornell University, as well as Harsha Bhogle, a celebrated Indian cricket commentator and journalist.

Reflecting on the event, the student participants expressed how AZeotropy served as a gateway to expand their understanding of Chemical Engineering, connect with experts, and explore new dimensions in the field. Their experience at AZeotropy stands as a testament to the impact of such educational platforms in shaping the next generation of engineers.

**Your Journey inspires everyone .... All the best**

# SPECIAL STORY

## B19 Batch Farewell: Turning the Page to New Beginnings

From April 17th to 20th, the campus of RGUKT Basar turned into a heartfelt celebration as students came together to bid farewell to the graduating B19 batch. Across all 7 branches, the farewell was not just an event—it was a tribute to the incredible journey of those who walked these halls, faced challenges, built dreams, and created countless memories.

Each department hosted its own unique farewell, reflecting the spirit, creativity, and affection of juniors toward their beloved seniors. With emotional speeches, nostalgic videos, and vibrant cultural performances, every evening was a blend of joy, pride, and a touch of sorrow. Classrooms turned into stages, and ordinary spaces were filled with laughter, dance, music, and memories.

The juniors left no stone unturned in expressing their gratitude and admiration. From personalized mementos to heartfelt thank-you notes, the love and respect shared was deeply evident. The seniors, on the other hand, shared their experiences, lessons, and parting words—passing the torch to the younger batches with warmth and encouragement.

This farewell wasn't just about saying goodbye; it was about celebrating the legacy of the B19 batch students who contributed to the campus in academics, leadership, culture, and beyond. Their presence has shaped RGUKT in many ways, and as they step into new chapters of their lives, they carry forward the spirit of this institution.

As the lights dimmed and the music faded, what remained were the memories etched in the hearts of both juniors and seniors. Farewells may be the end of college days, but they also mark the beginning of lifelong bonds and new beginnings.

Here's to the B19 batch—thank you for the memories, the inspiration, and the legacy you leave behind.

**It's not the goodbyes that hurt, it's flashbacks that follow** ❤️

## POETRY PARADISE

పుడమితల్లి పులకరిస్తుంది, పచ్చని మొక్కలు పురుడు పోసుకుంటున్నాయని  
 ప్లాస్టిక్ అయితే గంతులేస్తుంది, నీ మొక్కల ఎదుగుదల ఆపేస్తానని  
 నేల తల్లి సందడి చేస్తుంది, స్వచ్ఛని నీరు నన్ను ముద్దాడుతున్నాయని  
 ప్లాస్టిక్ చూడు కాసుక్కుచుంది, జలంతో జతపడి ఆ స్వచ్ఛతని స్వాహా చేస్తానని  
 భూమితల్లి భారమనుకోకుండా బాధ్యతలు మోస్తుంది  
 జీవరాసులన్నియు నా ఒడిలో తలవాల్చుకున్న బిడ్డలనుకొని  
 విరోధి అయిన ప్లాస్టిక్ వెక్కిరిస్తుంది, ఆ జీవరాసులే నీ జీవితాన్ని వ్యర్థం చేస్తున్నారని  
 పృథ్వి పాపం తల్లడిల్లుతుంది  
 ఒకప్పటి నా అందం , ఆరోగ్యం ఇప్పుడేమయ్యాయని  
 ప్లాస్టిక్ పరుగున వచ్చి కేకలేస్తుని  
 నీ బాధకి కారణం నేనే... అది నేనే... అని  
 మన మనుగడకి తోడ్పడుతున్న భూమాతను బాధపెట్టున్నాం  
 పాపిష్టిదైనా ప్లాస్టిక్ మాయలో పడి బయటకు రాలేక చిక్కుకుపోయాం  
 నాశనం కోరే ప్లాస్టిక్ ని నెత్తినపెట్టుకొని  
 బ్రతుకునిచ్చిన భూమితల్లికి భారం అవుతున్నాం  
 ప్లాస్టిక్ అందానికి ఆకర్షితులమై  
 అందమైన మన ప్లానెట్ ని పాడు చేస్తున్నాం, అందవికారంగా మార్చేస్తున్నాం  
 ప్లాస్టిక్ వాడకాన్ని తగ్గించి  
 జీవం ఇచ్చిన పుడమితల్లికి మళ్ళీ జీవం పోయండి  
 లేనియెడల ప్లాస్టిక్ మాయలో పడి  
 మిమ్ము మీరే అనాథలను చేసుకుంటారు

- స్వాతి మరిశెట్టి  
 B210808

Run and Run until you win  
 you will win when luck  
 called hard work became your spin  
 If you fall in trap  
 your life become a paper of wrap  
 so don't try to be swap  
 go towards your destiny  
 with an adjustment called crop  
  
 In your life talk with everyone well  
 it doesn't take you to hell  
 Do good things before ringing your bell.

# THE TECHNOLOGY TRENDS

## Champak: The Robot Dog Transforming Sports Broadcasting

The Indian Premier League (IPL) has introduced "Champak," a four-legged robotic dog equipped with high-definition cameras and microphones, revolutionizing how live sports are captured and broadcast. Developed by wTVision and Omnicam, Champak roams the field to deliver dynamic angles and immersive audio, interacting with players and fans alike. Its advanced stabilization system and agile design make it a powerful symbol of innovation in sports tech, offering perspectives previously impossible with static cameras.

Beyond its technical marvel, Champak has also stirred public attention due to a trademark dispute with the publishers of the children's magazine Champak. Despite the controversy, the robot has become a fan favorite and a viral hit, showcasing how robotics can enhance viewer engagement in live entertainment. This trend reflects a growing shift toward integrating AI and robotics into mainstream media to redefine audience experiences.

## The Dawn of Drones: Revolutionizing Business and Everyday Life

In everyday life, drones have become tools of both convenience and safety. They're used to take stunning aerial selfies, deliver medications to remote locations, and assist in search and rescue operations. Drones monitor traffic patterns, contribute to environmental research, and support emergency responses—enhancing urban planning and making cities smarter. As they become quicker, more agile, and increasingly accessible, drones are soaring into the future of innovation, transforming the way we interact with our world.

Drones are no longer merely cutting-edge toys—they're revolutionizing how we work and live. In the business world, drones have transformed logistics by enabling quick, affordable deliveries and streamlining supply chains. In agriculture, they monitor crops, assess soil health, and boost harvest efficiency. Construction companies use drones to map and survey sites with greater accuracy, while real estate agents capture dramatic aerial views to market properties more effectively. Drones are also vital in surveillance operations, disaster relief efforts, and even in processing insurance claims more efficiently.

# LEADER OF THE MONTH - APRIL

## Y. MANISH REDDY

This month, we proudly feature Y. Manish Reddy of the B23 batch as our “Leader of the Month”. a recognition well-earned for his visionary leadership and relentless drive to foster an entrepreneurial culture at RGUKT Basar. Manish is the founder of Conquer FA, a student-led community dedicated to nurturing startup thinking, leadership, and innovation on campus. His bold vision to transform RGUKT Basar into the next Silicon Valley of India. And he’s not just dreaming he is building.

Through Conquer FA, Manish and his team have conducted numerous programs to seed and strengthen entrepreneurship among students. One of their most impactful initiatives is the BECA Program, specially tailored for PUC students. This program introduced foundational concepts of entrepreneurship and created a wave of curiosity and creativity among young minds.

Manish’s efforts didn’t stop at the classroom door. With the unwavering support of our Vice Chancellor Prof. A. Govardhan and IIED Coordinator Mr. Rakesh Reddy and all the officials Manish played a crucial role in securing a ₹15 lakh grant from the Governor’s Fund. This financial boost will accelerate the growth of our incubation center, opening new doors for budding innovators across campus.

Another initiation of Manish, Infusion Talks, has become a beacon of inspiration. This platform brings influential speakers, startup founders, and change-makers to RGUKT Basar, spreading positive energy and planting the seeds of big ideas. The talks have not only enriched minds but also infused the campus with purpose and ambition.

Y. Manish Reddy’s journey is a reminder that leadership isn't just about holding a position. it's about creating impact. Through his actions, he has empowered a community, strengthened our campus ecosystem, and laid a foundation for a future where RGUKT Basar leads the way in innovation with the support of the team.
