## Registrations Open for all Branches (current E3 Students) for Infosys Certification Powered by InfyTQ

The above registrations is mandatory to secure a job at INFOSYS (Power Programmer (8LPA) & System Engineer role (3.6LPA)) This registration is also helps to gain a INFOSYS certification free of cost.

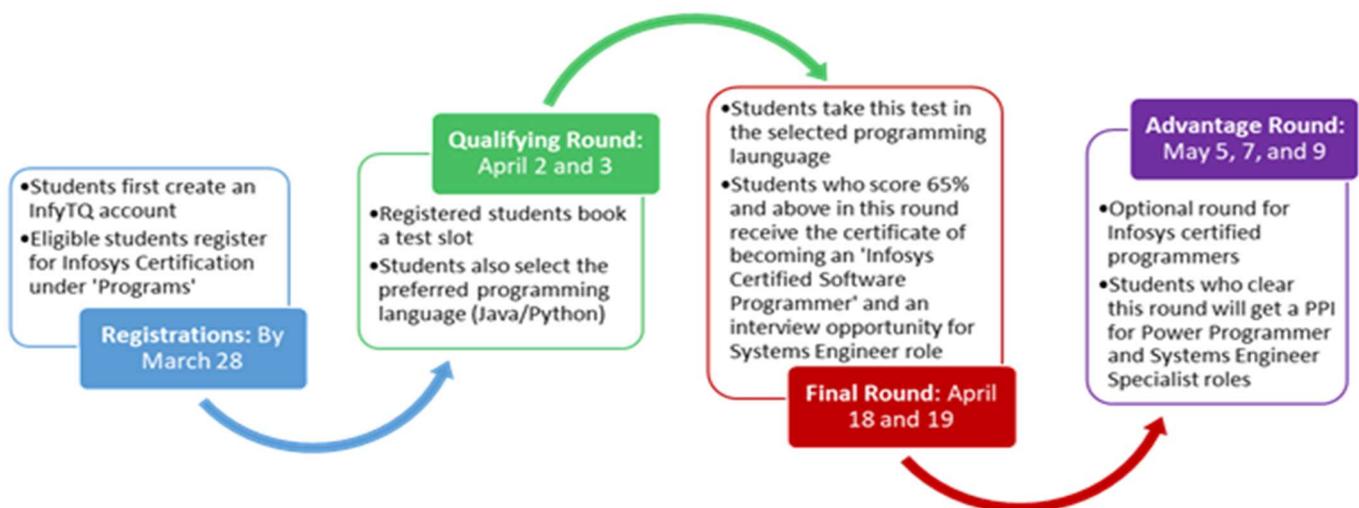

**Note-1:** The on campus recruitment for INFOSYS would be conducted via this program only. So please make sure every aspirant should and must register. This registration is open for all branches.

**Note-2:** If you have any issues revert to Training & Placement Office, Administrative Building.

**Please find the details as mentioned below.**

Infosys Certification is a technology accreditation that endorses the industry-readiness of students so that they can build a career of their choice. The examination process for Infosys Certification will test students for their knowledge in programming and databases. Students who clear the examination will become an 'Infosys Certified Software Programmer' and receive an interview opportunity for Systems Engineer role at Infosys.

Here is an overview of Infosys Certification program for students graduating in 2022:

Please request your students to visit Infosys Certification page and its FAQs on InfyTQ for more details.

Registrations for Infosys Certification are now open for B.E., B.Tech, M.E., M.Tech, M.Sc., MCA and MCM students graduating in 2022. **The last date to register is Sunday, March 28, 2021.**

Important points to note:

- All the rounds of Infosys Certification examination will be Web-proctored online tests
- Slots for the Qualifying Round and the Final Round will be available on first come, first serve basis
- Programming language (Java/Python) selected at the time of booking a test slot for the Qualifying Round will remain the same for the Final Round as well
- It is advised to complete the recommended learning journey for Infosys Certification before taking the examination
- Advantage Round is an optional round for students who clear the Final Round to secure a pre-placement interview (PPI) opportunity for the Power Programmer and Systems Engineer Specialist roles
- Certified students who opt to appear in the Advantage Round and do not clear it will continue to have the behavioral interview opportunity for Systems Engineer role
- If a student who has registered for both HackWithInfy and Infosys Certification, opts to appear in Infosys Certification Advantage Round, then the student's performance in the Advantage Round will be considered to determine their selection for HackWithInfy Final Round.

All the Pre Final year students (B16 Batch) those who are graduating in 2022 are encouraged to register at the earliest. **The last date to register is Sunday, March 28, 2021.**
