GUIDELINES FOR INFOSYS ONLINE TEST

SYSTEM REQUIREMENTS

Please ensure that the desktop/laptop computer you plan to use for taking the online test fulfills the system requirements shared below. Taking the test on a mobile or a tablet is not recommended.

- i3 Core processor or higher
- 4GB RAM
- Functional webcam. You can test your webcam at https://webcamtests.com/
- Google Chrome browser version 70 or above with disabled pop-up blocker. Taking the test on any otherweb browser is not recommended
- A stable Internet connection of at least 2 Mbps download and 1 Mbps upload speed
- Uninterrupted power supply for the duration of the test.

Click on the link https://rec-test.infosys.com/precheck to check your system readiness.

LOCATION AND OTHER REQUIREMENTS

- Select a location where you can remain undisturbed for the entire duration of the test.

- The desk or the walls around you must not have any writing or pictures of people on it.

- The room should be as quiet as possible. Ensure there is no background noise such as music, television,chatting of people.

- The lighting in the room must be bright enough to be considered 'daylight' quality. Overhead lighting isoptimal. Ensure that the source of light is not behind you.

- Ensure you have a comfortable chair and are seated upright. Your face should be clearly visible so that itcan be constantly captured in the webcam. Partial face visibility will be considered violation of instructionsfor the test.

- Ensure that there are no people around you. If anyone else apart from you is detected in the frame of thevideo captured, you will be disqualified from Infosys Recruitment Process.

- Use of online communication applications during the test is strictly prohibited. Close all programs and applications, including communication applications like Skype, Microsoft Teams, etc. before you begin totake the test.

- Use of mobile phone for any reason other than mobile hotspot and tethering is prohibited and will lead todisqualification from Infosys Recruitment Process.

- You may keep stationery items with you for taking the test. Use of calculators and similar devices is notallowed during the test.

- Do not switch out of the test screen. Switching out of the test screen to another window will be treated asa violation of the code of conduct for the test and is automatically tracked.

- Login within 15 minutes of the start of the test slot time as the login window will remain open only for 15 minutes once the test time begins. For example, if as per the slot, the test is to begin at 11 AM, then youmust login and start the test latest by 11:15 AM. If you miss the login window, you will no longer be ableto take the online test for the Infosys Recruitment Process. No exemption will be made in this regard.

BEHAVIORAL GUIDELINES

The entire duration of the test is proctored. You will be on video and therefore, please ensure the following:

- You must dress as though you were in a public setting

- You must not use headphones, earphones, or any other type of external audio equipment

- You must not communicate with any other person by any means

- You must not leave the video frame during the exam for any reason.

Important note: If any malpractice or violation of instructions is detected during the test, the candidate's application will be cancelled and he/she will be debarred from the Infosys Recruitment Process.

1. **What is the test duration?**
   The test duration is of 100 minutes.

2. **What is the format of the test?**
   There are five sections in the test:

Section I - Reasoning ability (arithmetic and analytical) (15 questions | 25 minutes)Section II - Technical ability (mathematical and logical) (10 questions | 35 minutes)Section III - Verbal ability (20 questions | 20 minutes)
Section IV - Pseudo-code (5 questions | 10 minutes)
Section V - Numerical puzzle (4 questions | 10 minutes)

3. **What is the score for each question?**
   Each question carried 1 mark unless explicitly indicated otherwise.

4. **Is there negative marking?**
   There is no negative marking.

5. **How will I be marked for multiple response questions?**
   For multiple response questions, full marks will be awarded only if all the correct choices are selected andno wrong choice(s) is/are selected. Partial marks will be awarded if some correct choices are selected and no wrong choice(s) is/are selected.

6. **What is the procedure to take the test?**
   You can click on 'Start' to begin the test. As soon as you begin the test, you will see a list of all sections that the test comprises. Click on 'Attempt Section' to attempt the section that is enabled. You will see onequestion at a time with answer options or blank space for your contribution, as required.

7. **I am unable to start the test because the webcam is not getting detected. What do I do?**
   Please check is the webcam is in working condition and is not in use by any other application other thanthe browser. You can check the working of your webcam here https://webcamtests.com/. Please ensurethe permissions for webcam in the browser settings are enabled. You may also check whether pop-up isallowed in Chrome. Also, clear browser cache in Chrome and access the browser in incognito mode.

8. **My login credentials appear as invalid. What do I do?**
   Please make sure that the email address you have entered is correct. If it is the first time login, make surethat the password you are entering is exactly as given in the email you received from Infosys. If you have already changed the password, please enter the new password you had changed to. Please note, entering incorrect password five times will lock the account. In case you require any assistance, please contact the helpdesk via the toll-free number – 1800 3000 4747 and/or email us at InfyTQ@Infosys.com.

9. **My face is not being detected by the webcam when I start the test. What do I do?**
   Please ensure the lighting in the room is adequate and that you are not sitting in a dark setting. The source of light should be behind you or above you so that your face is clearly visible. Please ensure you are not facing bright light or sitting against bright light. You may also want to check if your webcam is functioning properly. You can verify webcam's face detection by looking at the video window at the bottom of your screen.

10. **How do I submit my answer?**
    Mark your answer by checking the appropriate radio button or checkbox or by filling up the blank and clickon 'Submit' to record your answer.

11. **Can I see the next question before submitting the answer for the question on the screen?**
    No, you cannot switch between questions. Only when you 'Submit' an answer for the question that has been presented, you will be able to view the next question. Also, once you have moved on, you cannot goback and view previous questions and answers.

12. **Can I go back and change my answer?**
    No. once you have submitted an answer, you cannot go back to view or change your previous answers.Please do not click on the back button of the browser. Any malfunctioning caused by clicking the back button will lead you to lose time and the Infosys team will not be responsible to provide support in activating the test back again.

13. **How should I attempt each section?**
    Each section is meant to be answered within a specific duration. As soon as you begin taking a section, atimer will show you the time that is remaining to complete answering that particular section.

14. **How will I receive the instructions for each section?**
    Each section will be presented to you with specific instructions. A time interval of two minutes will begiven before each section to read the instructions.

15. **How do I complete a section?**
    A section can be completed by either clicking 'Submit' on the last question of the section or by clicking on'Finish Section' any time before the time for the section elapses. If the time elapses before you click on 'Finish Section', whatever you have answered in that section so far will automatically get submitted.

16. **If I complete a section faster, will I get more time to complete the next section?**
    No. If you finish a section early, time saved will not be carried forward to subsequent sections.

17. **Will the timer of the section freeze in case of system related issues or Internet disruption?**
    No. The timer will continue to run till you finish the test. In case of any interruption, when you resume thetest, you will have to complete the section in the remaining time. If time for the section elapses, then youwill be taken to the next section automatically and the remaining time will be indicated.

18. **Can I revisit previous section?**
    No. Completed sections cannot be revisited.

19. **My browser hung and became unresponsive during the test. What do I do?**
    Please close the browser and ensure there is no processing in progress on the system. Relaunch thebrowser and login again.

20. **An image needed for the question is not appearing on the screen. What can I do to resolve this?**
    You may please refresh the browser and continue.

21. **It is taking a long time for my answer to get submitted. What do I do?**
    Please verify your Internet connection, refresh the page, and login again to continue the test.

22. **My test has become unresponsive and I am unable to interact with the browser. What do I do?**
    Please verify your Internet connection, refresh the page, and login again to continue the test.

23. **I am getting a blank screen when I submit a question. What do I do?**
    Please verify your Internet connection, refresh the page, and login again to continue the test.

24. **I am unable to move to the next question/section. What do I do?**
    Please verify your Internet connection, refresh the page, and login again to continue the test.

25. **How do I complete the test?**
    Click on 'Submit' when you have answered the last question of the last section, before time elapses. Youcan also click on 'Finish Test' after you have completed answering all questions. The system shall automatically end the test after the cut-off time. If the time elapses and the test ends before you click on 'Submit', all your answers submitted so far will automatically get submitted.

26. **Do I close the browser after I complete and submit the test?**
    Yes, please close the browser once you complete the test.

27. **Are there any mandatory requirements that I need to take care of to avoid violating the rules?**
    You are advised not to leave your machine for the entire duration of the test. Please ensure that you have gone through the 'Guidelines – Infosys Online Test' shared with you on your registered e-mail address.

Any violation of the guidelines will lead to termination of your application.

28. **Whom do I contact if I have a query?**
    In case you require any assistance, please contact the helpdesk via the toll-free number 1800 3000 4747 and/or email us at talent.acquisition@infosys.com.
