Section

Date: August 1, 2017

To,

Dean/ Principal/ Director/ HOD/ Teacher/ Official,

Greetings from e-Yantra !!!

We are happy to announce the launch of the e-Yantra Robotics Competition (eYRC-2017).

We request you to motivate your college students to register for the competition. Please find enclosed eYRC-2017 Posters to be displayed on the notice board of all departments at your college.

About Competition:

e-Yantra Robotics Competition (eYRC) is a unique annual competition for undergraduate students in Engineering/ Science/ Polytechnic colleges. The competition has evolved over the years to include more number of teams by introducing different Tracks in the competition. Currently in its sixth edition, eYRC-2017 introduces three Tracks - all Tracks are conducted in parallel and Finals for all Tracks are planned to be held at IIT Bombay in March 2018. Each Track may contain one or more Themes - problem statements abstracted into a game rulebook. Details will be disclosed after the selection test.

Registration involves:

Students participate as a team of four- with each team member taking the test simultaneously. A team's selection test score along with other factors such as participation of team member/s in the past competitions may be used to assign Tracks and Themes to the team. *e-Yantra holds complete discretion in the selection and Track/Theme assignment processes.*

The winners of this competition are eligible for a summer internship at IITB through the e-Yantra Summer Internship Program (eYSIP).

With best regards,
e-Yantra Team

Please visit http://portal.e-yantra.org to find more about the registration, eligibility and Terms and Conditions of the competition.
