

CIRCULAR
(For E4 Students)

Subject: Academic Section – AY18-19, Semester – II – Instructions to E4 students on Free – Electives Registration – Reg

NPTEL - E4 Elective Course Information – RGUKT Basar

This is to inform all the E4 Students that the following courses would be offered as Free electives/Open electives (Courses would be done from NPTEL Platform and would count for Credit Transfer to University) along with the other courses regularly offered by the university. The duration of the courses is 12 weeks.

Course Code	Name of the Course
CE4501	Geosynthetics & Reinforced Soil Structures
EC4501	Antennas
CS4501	Blockchain Architecture and Use Cases
CS4502	Machine Learning for Engineering and Science Applications

From the start date, every week 4 to 5 Lecture modules would be obtained in the Login Page of the Candidate, and he/she need to follow the same.

Almost Every week, there would be an assignment given, deadline for the submission of the same would be typically One Week, all students must submit assignments from time to time

For each course, a faculty mentor would be assigned, who will have access to the progress (assignment marks) of the student.

Depending on the possibility, RGUKT Basar would try to conduct classes if required for these courses.

There would be Final Exam (Certification Exam). The exam dates will be notified by the NPTEL.

All Assignment Scores and Final Exam Scores would be Shared by NPTEL to RGUKT Basar, and these would be used for providing a final grade for the students (out of 3 credits) and same would reflect in the Certificate from university.

Apart from that, the students would also get an NPTEL exam Certificate subjected to the below criterion.

Final score on certificate: 25% of assignment score + 75% of certification exam score.

Award of NPTEL certificate: Hard and soft copy of Certificate will be awarded only to those candidates who register for the exam, attend the certificate examination and whose final score > 40% on a general basis.

Courses Offered by RGUKT – Basar as Free – Electives:

Following are the courses offered by RGUKT – Basar as Free – Electives for which the classes will be held in regular mode.

Course Code	Name of the Course
BM4501	Foundations of Management
BM4502	Entrepreneurship and New Ventures
BM4503	Intellectual Property Rights
BM4504	Marketing Management
CH4501	Polymer Science and Engineering
EC4502	Data mining
ME4501	Automobile Engineering
BSBE4501	Sustainable Technology
BSBE4502	Biomedical Engineering
BSBE4503	Industrial Biotechnology
MM4501	Fatigue Creep Fracture

In this regard, the students are advised to carefully select Free – Elective courses while they register. The students are free to choose any of the courses but alteration after registration will not be done under any circumstances.
