Dear Sir / Madam,

*Dear Sir 16/3*

Greetings from IIM Ahmedabad!

We have great pleasure in informing you that the Institute will be offering a six-day programme on **Art & Craft of Decision Making** during **April 17 – 22, 2017**.

Bias for action is the core of management profession. Decisions precede action framework. A complex managerial decision requires a judicious consideration of the context, data, consequences, risks and (diverse) perspectives of stakeholders. This programme intends to help participants observe, understand and reflect decision making in multiple perspectives from the realms of operations research, artificial intelligence, human capabilities and behaviour.

In this context, we have designed a programme which has the below **contents**

- Problem structuring
- Managing uncertainties in decision making
- Multiple stake-holders' perspective
- Illustration from functional areas
- Complexity of decision making in public systems
- Behavioural aspects of decision making

We look forward to receiving nominations from your organization. The last date for receiving filled-in nominations is **April 03, 2017**.

For a copy of the **programme brochure** and the nomination form, please get in touch with

the Programme Coordinator, **Ms. Ifat Sheikh** at [ifats@iima.ac.in](mailto:ifats@iima.ac.in) or Phone: +91-79-6632 4467,4472-77.

Thank you,

Yours sincerely,

Professor N. Ravichandran  
Faculty Chair – Art and Craft of Decision Making  
Indian Institute of Management Ahmedabad
