

**INTIMATION**

Dear Students,

The university administration is taking steps to ensure the smooth functioning of academic activities for all batches. The B22 batch has just entered their engineering program after successfully completing the AICTE-mandated Induction Program, and the placement season has begun for the final-year students.

In this circumstance all students are advised not to participate in rallies, spread false news, or make unfounded allegations, as these actions can harm the reputation of the university and negatively impact academics and placements. It is also important not to disturb the peaceful environment of the children, families and the minor students staying in the campus. Any sort of such disturbances shall not be entertained.

The university aims to maintain peace and harmony on the campus.
