The students have to register for all the compulsory courses and shall give the preferences for the professional electives and open electives, as per the list of courses available in the registration form. The students shall carefully select Professional Electives/Open-Elective courses while they register. No modifications will be done once the registration is completed. Few Departments are offering multiple courses under Open Electives, therefore the allocation of the students for such courses will be on a “**first come, first serve**” basis.

To float a Professional Elective or Open Elective, a minimum of 30 students must register for that subject.

The students who could not register or complete their registration, for whatever reason, during the above period can do their registrations manually at the Academic Section by 28TH June 2025, upon payment of Rs. 500/- as a late registration fee. If any student does not give any preference(s), then the Academic Section will allot a course(s) from the available pool of courses that are being floated.

The last date for registration will not be extended under any circumstances and the preferences cannot be altered once they are given.
