

M/s Piramal Pharma Ltd.- on-Campus Recruitment Drive - 2027

Dear Students,

Piramal Pharma Limited, a leading global pharmaceutical company and part of the **Piramal Group**, is inviting applications from eligible **B.Tech Chemical Engineering** students for its **12-Month Apprenticeship Program** at its **Digwal, Telangana facility, near Zaheerabad**.

Eligibility Criteria

- **Qualification:** B.Tech – Chemical Engineering
- **Academic Requirement:** Minimum **60% throughout academics**
- **Backlogs:** **No active backlogs**
- Students should be willing to **stay in/near Zaheerabad** during the apprenticeship period.

Apprenticeship Details

- **Program:** 12-Month Apprenticeship
- **Location:** Digwal, Telangana
- **Approximate Location:** 100 km from Hyderabad, near Zaheerabad
- **Areas of Exposure:** Production, Engineering and other core departments
- **Apprenticeship Stipend:** ₹13,000/- to ₹20,000/- per month

Selected candidates will receive hands-on industrial exposure and an opportunity to work across key functions within the pharmaceutical manufacturing environment.

Career Opportunity

High-performing apprentices may be considered for **Full-Time Executive (FTE) roles** upon successful completion of the 12-month apprenticeship.

- **Indicative FTE CTC:** Approximately ₹3.20 LPA

Conversion to full-time employment will be subject to the company's performance assessment and applicable terms and conditions.

Selection Process

1. Initial Profile Shortlisting
2. Technical & Aptitude Test
3. Interview

Preferred Skills / Knowledge

Students are encouraged to have:

- Understanding of pharmaceutical/industrial manufacturing processes
- Basic knowledge of **GMP (Good Manufacturing Practices)**
- Analytical and problem-solving skills
- Good communication and teamwork skills
- Basic understanding of regulatory guidelines and quality systems

Preparation

Students are advised to revise:

- Chemical Engineering core subjects
- GMP and manufacturing concepts
- QA/QC basics
- Academic projects and internships
- Aptitude and interview-related topics

□ □ Important Instructions

- Interested students should carefully check the eligibility criteria before registering.
- Selected candidates will be required to **stay in/near Zaheerabad** during the apprenticeship period.
- Students should be genuinely interested in pursuing an industrial career in the **pharmaceutical/manufacturing sector**.
- Registration does not guarantee selection. Candidates must successfully clear the company's selection process.
