Students are required to register for all compulsory courses and provide their preferences for Professional Electives and Open Electives as listed in the registration form. Students must select their Professional Electives and Open Electives carefully, as no changes will be permitted after the registration is completed.

Some departments may offer multiple Open Elective courses. In such cases, allocation will be done strictly on a **“first come, first serve”** basis.

Students who have more than one Open Elective in their semester must choose two different subjects. If the same subject is selected twice, the Academic Section will allocate a course from the available pool.

A minimum of 30 student registrations is required for any Professional Elective or Open Elective to be offered.

Students who fail to register within the scheduled period, for any reason, may complete their registration manually at the Academic Section on 13th July 2026, upon payment of a late registration fee of Rs. 500/-. If a student does not provide any preference(s), the Academic Section will allot courses from the pool of available options.

Please note that the last date for registration will not be extended under any circumstances, and preferences cannot be modified once submitted.
