NOTICE TO STUDENTS

All **the Students** are hereby informed that, for better internet usage and academic support, the University is providing **unrestricted internet access** in the hostels with a **daily data limit of 10 GB per user**. After connecting to **Hostel Wi-Fi**, you must configure the following settings to access the internet in the hostel:

Steps to Configure Proxy Settings (Firefox or Chrome):

1. Open your browser (**Firefox** or **Chrome**).
2. Go to **Settings**.
3. In the **search bar**, type **"proxy"**.
4. **Open your computer's proxy settings**
5. Select **Manual Proxy Configuration**
6. Enter the following details:
7. For GH1&GH2 Students
    - **Proxy Hostname:** hostelinternet.rgukt.ac.in
    - **Port:** 3128
8. For BH1 Students
    - **Proxy Hostname:** studentnet.rgukt.ac.in
    - **Port:** 3128
9. Save or apply the settings.
10. **Close your browser** completely and **reopen it**.
11. A **login window will appear** automatically.
12. Please log in using:
    - **Username:** Your **Student ID**
    - **Password:** Provided by your respective **block(AB1/AB2) System Administrator**

Note: If you **forgot your password** or want to **change your internet password**, kindly **send an email** or contact your **respective block System Administrator.** The desired password must contain a minimum of six letters.
