ADVISORY

Subject: Safety Precautions for Students during rainy Season – Reg...

Dear Students,

With the onset of the rainy season, all students are advised to follow these safety precautions for their health and well-being:

1. Carry an umbrella or wear a raincoat while going to mess/classes during rains.
2. Wear clean and dry clothes, and avoid remaining in wet clothes for a long time.
3. Do not run on wet floors, staircases, or playgrounds.
4. Avoid walking or playing in waterlogged areas, as they may conceal open drains or potholes.
5. Do not stand near electric poles, transformers, or overhead power lines during the rainy season, as there is a risk of electric shock. Never touch fallen electrical wires and immediately inform the concerned authorities or Security personal.
6. If you have fever, cough, cold, vomiting, diarrhea, or any other illness, immediately visit the Health Center for proper treatment.
7. Movement on roads/Play Grounds after 10 P.M. is strictly prohibited.
8. Students are also requested to be more vigilant as snakes/scorpions may be forced out of their burrows, particularly in night. Avoid sitting or walking through areas with tall grass or dense bush.
9. Please reach out to the hostel caretaker/supervisor/security personnel immediately in case of any emergency.

Your safety is our priority. Please follow these precautions and encourage your classmates to do the same.
