ADVISORY

Subject: Safety Precautions for Students during heavy rains with thunderstorms/Lightning – Reg...

Dear Students,

As we are witnessing heavy rains from the past few days, all students are advised to follow these safety precautions for their health and well-being:

- 1. Stay indoors during heavy rain/Thunderstorms and lightning**
- 2. Stay away from balconies, rooftops and playgrounds during heavy rain with Thunderstorms and lightning.**
- 3. Do not charge mobile phones or speak on mobile during thunderstorms**
4. Do not run on wet floors, staircases, or playgrounds.
5. Avoid walking or playing in waterlogged areas, as they may conceal open drains or potholes.
6. Be very careful while operating electrical equipment and switches with wet hands.
7. Do not stand near electric poles or overhead power lines as there is a risk of electric shock. Never touch fallen electrical wires and immediately inform the concerned authorities or Security personal.
8. If you have fever, cough, cold, vomiting, diarrhea, or any other illness, immediately visit the Health Center for proper treatment.
- 9. Movement on roads after 10 P.M. is strictly prohibited.**
10. Carry an umbrella/rain coat while going to mess/classes during rains.
11. Students are also requested to be more vigilant as snakes/scorpions may be forced out of their burrows, particularly in night. Avoid sitting or walking through areas with tall grass or dense bush.
12. Please reach out to the hostel caretaker/supervisor/security personnel immediately in case of any emergency.

Your safety is our priority. Please follow these precautions and encourage your classmates to do the same.
