Infosys Springboard presents
Pragati - Path to Future
A 12-week program designed exclusively for women!

Infosys Springboard Pragati: Path to Future- Apr'25 - Jul'25 (Cohort 5)

Dear Learner,

We are delighted to inform you that registration for **Infosys Springboard Pragati: Path to Future** Cohort 5 (April-July 2025) cohort are now open. This **exclusive skilling development program for women** will be anchored for duration of **100 days.**

The program will cover the following four key areas:

Self-Growth	Professional Advancement	Career Development	Leadership Skills

Click here to register

Through this program we aim to address essential competencies like **Digital Dexterity, Gen AI Fluency, Professional Skill Enhancement, Leadership Acumen,** and **Industry Engagement.**

Important Points

o This program is **only for women aged 18 and above**, including students, young professionals, job seekers, career re-starters or simply lifelong learners!

o The last day to **submit the registration form** is April 06, 2025.

o The program will follow **a hybrid model, with one week** of immersive learning at **Infosys campuses and offices.** The rest of the sessions will be conducted virtually.

o Participants from earlier cohorts who have completed the program with certificates **should not register for Cohort 5**. We operate on good faith and hope you do so too.

o If gentlemen opt for this cohort, their registration **will be cancelled.**

What's next?

1. We will review all the applications and shortlist candidates based on parameters of learning history on Infosys Springboard, completion of the application form, and completion of the preset learning content of **two courses and one certification** which will be shared with all the applicants. Below is the list of course and certification recommendations:

Course Recommendation	Certification Recommendation
o Basics of Business Communication o Introduction to Digital Marketing o Java Programming: A Comprehensive Bootcamp from Zero to Hero o Design Thinking o Saving Time by Setting Goals	o Python Developer Certification o Front End Web Developer Certification o Natural Language Processing Foundation Certification

2. The selected candidates will receive the complete schedule for virtual sessions. The schedule for in-person sessions will be shared with only those participants who have maintained the completion of their learning.

3. There will be a **fortnightly review of learning and learner progress**. Learners who are inconsistent or fail to keep up with the requirements of the prevalent module will be excluded from the rest of the Cohort, after due discussion and consideration.

For any questions and concerns, please write to springboard-support@infosys.com.

Regards,
Team Infosys Springboard
