- ☐ **24-02-2026, Time: 4:00 PM (Strict Deadline)**
- ☐ **Registration Link:** <https://forms.gle/UtEqxsnADPUkpQCN6>

Eligibility Criteria

- B.Tech – EEE
- 2026 Passing Out Batch
- Minimum 60% aggregate
- No active backlogs
- Male candidates only (As per Company)

Programme Structure & Compensation

- **Trainee Period:** 6 Months
- **Stipend:** ₹15,000/- per month + Lunch
- **Post-Trainee CTC:** ₹3.0 LPA
- **Medical Insurance:** ₹5 Lakhs coverage

Permanent position based on performance

Note: This opportunity is meant for students who are interested in long-term career growth in the construction and MEP sector. It is not intended for internship-only seekers.

Role: Graduate Engineer Trainee (GET – EEE) - Selected candidates will be involved in:

MEP Supervision & Execution

- Assist in day-to-day supervision of Electrical, Plumbing, Firefighting, and HVAC works.
- Check installation of conduits, cables, panels, pipes, ducts, and related systems as per drawings.
- Verify proper use of materials, fittings, and equipment.

Testing & Commissioning

- Support commissioning checks and functional testing of electrical and MEP systems.

Site Coordination

- Coordinate with civil teams to integrate MEP services with structural works.
- Report deviations or delays to senior engineers.

Documentation & Quality

- Maintain daily site reports and checklists.
- Assist in material inspection and consultant inspections.
- Ensure adherence to safety standards at site.

Skills Expected

- Strong technical fundamentals in Electrical Engineering
- Good communication skills
- Ability to work in teams
- Willingness to work at construction project sites
- Adaptability and accountability

Important Instructions

- Register only if you are genuinely interested in a **core site execution career**.
