BLAST THE CITY

TRINAYANA-2020 presents you the **craziest** event yet!

Event description: Six volunteers representing six cities will be present at the six exits of the SAC Auditorium. Music will be played and the students can roam around until the music stops. Once the music stops, the participants should settle in any one of the cities. A chit will be picked and the city written in the chit will be blasted, meaning the participants will be eliminated. The team represented by the last person standing will be the winners.
