Notice No: 49

Date: 06-Feb-2018

ANTAHPRAGNYA-2K18

- *Celebrating RGUKT's 10 years of excellence*

'Techies for KARSHAK' is an event where many innovative minds come forward and join their hands to help farmers.

Techies for Karshak has come forward to help in two ways:

1) Educating them through presentations.

2) Projects on solving agricultural problems.

1) We educate them through ppts, paper presentations, poster presentations on different areas like:

*Loans

* Government Schemes

*Soil testing at homes

* Bio-Farming

*Mode of Farming

* Diseases

* Disasters (Droughts,Floods etc.)

* Economic crops (Profit,non-profit)

* Fishery, Gardening, Poultry

* Advanced farming

* Water management and many more

2) Projects (working models / mobile apps) can be done on various techs that improve the agricultural methods.

Some of the topics for the projects include:

- Cotton picking
- Ground water detection
- Difficulty in removing weeds
- Palm tree climbing
- Moisture testing
- Paddy transplantation
- Protecting plants from animals and birds
- Controlling pests
- Oil extraction from seeds.
- Marketing agricultural products.

Apart from the above mentioned topics, students can select their own topic to work on.

Note: Students can submit their abstract at AB1-203 @ 5:00-7:30p.m.

Last date for abstract submission is 12-Feb-2018.
