

## Hyundai Motor Hyundai Campus Drive 2025 - Registration & Guidelines

Dear Students,

We are pleased to inform you that RGUKT-Basar has been included in the **Hyundai Motor India Engineering Pvt. Ltd.** Campus Hiring Process for the Year 2025. Interested candidates must follow the registration process as per the guidelines mentioned below.

**Registration Link:** [Hyundai's Campus Student Registration](#)

*(Note: This link is unique to our institute. Best accessed via Google Chrome.)*

### **Important Guidelines for Registration:**

1. The registration link will be active only for a stipulated time. Late submissions will not be accepted.
2. All details must be filled accurately. Incomplete or incorrect information will lead to disqualification.
3. Once submitted, the form **cannot** be edited. Duplicate entries will also be disqualified.
4. **Photo Upload:**
  - Format: JPG
  - Size: Passport-size (Formal Image)
  - File Size: Less than 1 MB
5. **Email & Contact Details:**
  - Ensure correct spelling of your email ID (e.g., avoid errors like "gamil" instead of "gmail").
  - Enter a **valid mobile number (10 digits only)**.
6. Enter your **qualification details in percentage (%) only** (Do not use CGPA or any other format).
7. Hyundai Application Number / Institute Registration Number will be sent via automated email upon successful registration.

### **Additional Guidelines:**

- Do **not** copy-paste while filling the form.
- Complete the form within **10 minutes** to avoid technical errors.
- Avoid using special characters in text boxes.
- If you face any errors:
  - Use **updated Google Chrome or Internet Explorer 11 & above.**
  - Clear browser history and cache.
  - Restart the browser and try again.

### **Selection Process:**

Shortlisted candidates will be required to undergo an **Online Assessment**. The personal details entered during registration must match those provided during the assessment.

All information provided during the registration process will be treated confidentially and used solely for Hyundai's selection process. Any incorrect information will result in disqualification.

Best regards,

**Training & Placement Office**

RGUKT-Basar

# HYUNDAI MOTOR INDIA ENGINEERING | CAMPUS PLACEMENT 2025

Hyundai Motor India Engineering Private Limited (HMIE) was established in November 2006 at Hyderabad, Telangana, India by Hyundai Motor Group (South Korea).

HMIE is a R&D center extending advanced support services to Hyundai - Kia Motor Company (Namyang, South Korea), Hyundai Motor India Limited (Chennai) and Kia Motors India Private Limited (Penukonda).

HMIE focuses on engineering services and quality enhancement. Now the center enlists around 1100+ trained engineers, with a focus on business acumen, vibrant technical and personal development.

Hyundai Motor Company's other overseas Engineering Technical Centers are in South Korea, the United States, Germany, and China.
