THE DOOR TO AN ENERGIZING CAREER AT RMC OPENS

LOOKING FOR YOUNG MANAGEMENT TRAINEES WHO COULD GROW TO BE FUTURE BUSINESS LEADERS ON A FAST TRACK GROWTH PATH

Inviting applications from engineering graduates from the following streams:

• CIVIL ENGINEERING • MECHANICAL ENGINEERING • MINING ENGINEERING

RMC READYMIX INDIA

RMC READYMIX (INDIA) [A DIVISION OF PRISM CEMENT LIMITED] is one of the largest ready-mixed concrete manufacturers in India. Set up way back in 1996, RMC India currently operates a total of 88 ready-mixed concrete and aggregate crushing plants in 40 cities and towns across the nation.

The company has been the harbinger in setting high standards for plant and machinery, production, quality systems and product services in the ready-mixed concrete industry.

OUR PEOPLE, OUR STRENGTH.

The Company boasts of a national pool of trained, experienced and qualified community of engineers, sales personnel, transit mixer operators etc., who continuously strive to deliver quality and service that is in harmony with the company's commitment to excellence. The technical and sales personnel undergo training in basic and advanced level courses of Concrete Technology conducted by the **Institute of Concrete Technology (UK)**. The company's technical experts have been a part of the team involved in drafting of the revised **Indian Code for Ready-mixed Concrete - IS 4926: 2003**

Join the team of over 1500 employees inspired by their passion for concrete craftsmanship. A trusted name in the industry, manufacturing & pouring millions of cubic meters of concrete throughout its historical journey. The company is nothing short of ambition and always looks to setting new records.

Learning never stops at RMC & our employee's pursuit for technical excellence has helped in achieving several cherished milestones.

WHAT IS IN IT FOR YOU?

- A chance to explore a world of opportunities in a challenging & innovative work environment which enables professional & personal growth.
- Get trained and gain functional expertise in the areas of **Operations, Sales, Technical, Commercial, Health Safety and Environment.**
- ICT Certification - Get trained to appear for the Certification course by ICT (Institute of Concrete Technology, UK).

ELIGIBILITY CRITERIA FOR SELECTION

- Four Years full time engineering degree from a reputed Institute/University (approved by AICTE / UGC) (for BE/BTech)
- Passing out year should be either 2015 or 2016
- Aggregate First class (60%) or equivalent score as per GPA (Grade Point Average)
- Required Discipline of Engineering (Civil, Mechanical, Mining)
- Medical Clearance as per RMC medical norms
- Clearance of RMC selection process
- Willingness to relocate

SELECTION PROCESS

Online Registration

Kindly logon to the following link
<http://43.240.64.13/> and register on or before 30th April, 2016

Online Test

To check Aptitude, Language, General Knowledge, Subject Knowledge

Group Discussion

To check confidence, initiative, team co-ordination, leadership skills

Personal Interview

To check subject knowledge, communication skills, and attitude & cultural fit with RMC family

DURATION OF TRAINING

STIPEND

YEAR 1

Monthly Rs. 27,000
(Rs. Twenty Seven Thousand Only)

YEAR 2

Next 6 Months : Monthly Rs. 30,000
(Rs. Thirty Thousand Only)

OTHER BENEFITS IN RMC

- Medical Insurance - You will be covered under medical insurance for self & Group personal accidental policy during your training in RMC
- Education Sponsorship - You will be provided with education sponsorship in future for higher studies provided you complete your training and are found competent as per company policy

QUALITY FIRST

Quality Assurance procedures practiced by RMC India are in line with the stringent quality requirements of **QCI (Quality Council of India)**. This scheme strictly monitors every stage of the entire business process and confers its **endorsement** only when completely satisfied.

The Company is the country's **FIRST** to adopt the **CUSUM (Cumulative Sum)** statistical technique that monitors trends in mean strength, standard deviation and the relationship between early-age and 28-day strengths. This thereby indicates when action should be taken to consistently meet product conformance.

NABL ACCREDITATIONS & QCI CERTIFICATIONS

The Company's Central Concrete Testing Laboratories in **Bengaluru and Mumbai** have secured the coveted NABL Accreditation under ISO/IEC: 17025: 2005, in the field of Mechanical Testing of Aggregates & Concrete. The certification for Bengaluru is the **FIRST** of its kind for any RMC manufacturer.

The National Certification Scheme for RMC Plants was launched during May 2013 jointly by **QCI** and **BMTPC (Building Material and Technology Promotion Council)**. RMC India is the **FIRST** Indian company to receive this prestigious quality certification at its **Kochi** RMC unit, and has now completed similar audits at many of its other units as well.

RMC SPECIALS – VALUE ADDED CONCRETE

Leveraging years of experience, a worldwide pool of information and state-of-the-art proficiency about the different concrete constituents and their interactions, RMC India offers its customers value added concrete for their special needs. The Company's concrete technologists are able to **modify the properties of concrete** through the use of innovative chemical admixtures, combined with the proper proportioning of the various concrete constituents to design concrete that is more fluid, stronger, develops strength faster, and also retains workability longer. **Easycrete™, Megacrete™, Xpresscrete™** etc. form just a part of the comprehensive portfolio.

FIRST IN HEALTH, SAFETY AND ENVIRONMENT MANAGEMENT

"Health and Safety" of its people has always been rated top priority and the first agenda at all times in the Company. This Company strongly believes in the verity that all the work related accidents and sicknesses are avoidable.

33 of the Company's production facilities have been selected for the prestigious National Safety Trophies during the last 4 years. This is an annual safety contest conducted by the National Safety Council.
