About Talentio:

Reinventing the Education Space:
Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables. In a fragmented market dominated by traditional 'training vendors' and off the shelf operators, Talentio is placed in an incomparable quadrant defined by its output orientation and a model built on results.

Our guiding principles our based on Customer Value and Learner Centricity. This is why we are your Results Team that brings together process, consistency, ownership, predictability, risk management, technology and market insight among various other components to deliver exceptional results.

In our enviable journey for excellence, we continue to build memorable relationships with our learners, institutional management and diverse stakeholders lead by our vision of three E – Enrichment, Enablement and Empowerment

Transforming Learning Delivery:
Our Accelerated Learning & Targeted Intervention System (ALTIS) is changing how Company specific programs and CRT are delivered. In the heart is smart analytics and prediction technology that drives high impact learning in classrooms. Continuous Student Diagnostics has replaced the need for cumbersome tests and pre-post assessments. Also, this feeds into Talentio's highly effective Adaptive Curriculum on the lines of our philosophy of transforming learning delivery in colleges.

Enabling Small Dreams:
S. Sireesha, BTech. Final year of Computer Science Engineering, a daughter of a farmer with limited means dreamt of helping her family of 5 rise above their hardship of penury and supporting her sibling's education. Her greatest challenge was the inability to meet the demanding skill levels of campus recruiters. After six failed attempts at garnering a coveted placement her dreams had all but turned into the dust of her father's field.

Talentio's proprietary skill development program at this crucial time was the guiding beacon to success for her. There are millions of Sireeshas around us and Talentio is committed to making their dreams come true.

The Core Team:
The founding team or 'Talentions' as all our employees are known are highly qualified and experienced professionals from the industry and have played key leadership roles in large organizations. They have also been associated with institutes of repute in various capacities
