

## Exciting Hackathon AI-THON 2023 - Register

We are excited to bring the excellent opportunity for E4 students to participate in AI-THON 2023.

**MyAnatomy** is excited to present to you **AI-THON 2023**, a chance to test and hone students' AI skills and display their AI prowess. AI-THON has been carefully designed by a team of veterans from the industry and in-house experts at **MyAnatomy**, a pioneer in AI assessment and education, to give you practical experience, professional advice, and a credible platform to showcase your AI skills.

### Who Can Participate?

- Final Year B.TECH(all streams)
- 2024 Graduates who have attempted N.C.E.T
- Minimum score of 50% in N.C.E.T
- This hackathon is open to individuals of all skill levels, from beginners to seasoned developers.

### How to Register:

- **Click on the N.C.E.T Link:**
- Fill out the registration form with your details.
- Take the N.C.E.T test and get yourself selected for AI THON

The N.C.E.T exam committee therefore agreed to extend the time for N.C.E.T registration and passing the exam on or before September 15, 2023, in order to give every student an equal opportunity. Consequently, we are pleading with the Institute to take this chance to register your institution, pass the N.C.E.T. Exam, and earn qualification for the AI-THON Event 2023.

**AI-THON 2023**  
HACK YOUR IMAGINATION FOR DISRUPTIVE INNOVATION

**Zero-Error Syndrome AI Hackathon.**  
Where only Precision is Permissible!

Develop an AI-powered application that significantly reduces the risk of human errors in a high-stakes environment where zero mistakes are acceptable.

**Eligibility:**

- 1) Final-year students of B.Tech (any discipline), MCA, or M.Tech (CS and IT or related fields),
- 2) 2024 Graduates
- 3) Minimum score of 50% in the N.C.E.T Test by MyAnatomy.

If you haven't yet appeared for N.C.E.T please contact your TPO or talk to us at :
