CAREER OPPORTUNITIES SESSION by NICMAR to E3 & E4 STUDENTS

It is hereby informed to the current E3 & E4 students of Mechanical and Civil Engineering that, in an initiative to create better awareness amongst the Civil and the Mechanical Engineering students regarding the opportunities available in the construction and infrastructure related domains, NICMAR Hyderabad has been organizing a series of webinars/seminars for the 3rd and 4th year students.

As a part of this effort, their expert faculty would be explaining to the students about how these domains are growing and evolving, what is the potential for this domain over the next few years, what are the latest technologies/management principles that are being used today and the skills needed for a student to professionally grow in this domain.

NICMAR wishes to conduct this session for the students of RGUKT Basar, at a mutually convenient date and time in the online mode (**in 1st week of May 2022**). Final date would be confirmed in a day or two, the session will be of around 1.5 to 2 hours. The student community at Basar would be able to benefit from the expertise of their faculty members and the proposed session would be helpful for the current **E3** and **E4** students regarding the explicit career opportunities for them.

Interested students are required to register in the below link by **2PM of 30th April 2022**.
