Rajiv Gandhi University of Knowledge Technologies

Register for Virtual Session on Cosmos Ecosystem
Cosmos India Hyderabad Hacker House event, organized by **Vitwit** in collaboration with Cosmoverse 2024

We are excited to invite the students of RGUKT Basar to participate in a unique opportunity to learn about the Cosmos ecosystem through the **Cosmos India Hyderabad Hacker House** event, organized by **Vitwit** in collaboration with Cosmoverse 2024 and key partners such as OmniFlix, Hyderabad DAO, and Foundership.

As part of their **College Outreach Program**, they are hosting a **1-hour virtual introductory session** to introduce our students to the Cosmos ecosystem and the potential opportunities in the world of blockchain, decentralized technologies, and web3 development. This session will also serve as an invitation to the **Cosmos India Hyderabad Hacker House**, with the opening ceremony scheduled for **21st September 2024** at Draper Startup House, Hyderabad.

Virtual Session Details:

- **Date**: 19th September (can be change if needed, but should be before 21 September)
- **Time**: 5pm
- **Duration**: 1 hour
- **Platform**: Google Meet

In addition to the virtual session, students will have the opportunity to participate in a hackathon with a **$100,000 prize pool**, along with **sponsorship for a trip to Cosmoverse in Dubai**, **free entry to events**, and much more.

We believe that our students, particularly those with an interest in blockchain and web3, would greatly benefit from this session. It will be a fantastic opportunity for them to connect with experienced professionals, network with the broader web3 community, and gain valuable insights into contributing to the Cosmos ecosystem.

Looking forward to collaborating with RGUKT Basar and inspiring the next generation of blockchain developers!

How to Apply: The interested about this opportunity, please apply through the link https://forms.gle/cJd5ih5HgdVm1oF96 by **Sep 14, 2024, 4:30PM**.
