JOB DESCRIPTION OF TECHMAHINDRA

Dear Students,

Interested and eligible students need to register in both the links as given below.

Registration Link   (TNP Office):   http://hub.rgukt.ac.in/hub/tnp/register

(TECH M)   : **https://registration.techmahindra.com**

Registrations would remain open till **15th November 2020.**

We hope you and your family are staying safe & healthy!
If COVID-19 has had one positive outcome, it is to offer us an opportunity to pause and consider how to build greater resilience into our organizations by investing in technology and reskilling people with the right talent. We know that even in a digital world, it's people that are our most valuable resource—an approach that has allowed us to create what we call 'Moments of Truth', appreciating that while technology is an enabler, 'Moments of Truth' are always human.

Keeping this in mind and as part of our academia – industry interface, **we are glad to launch a brand-new internship program for Technical Graduates.** The program has been carefully curated to offer young individuals an opportunity to put their academic skills into practice while gaining relevant industry and domain experience.

The internship program will be spread over a period of nine months which also includes a month-long self-learning with mentoring prior to commencement. The program is designed to be outcome driven leading to full-time working opportunities based on individual performance. The confirmation of such opportunity will be provided at the end of the sixth month.

Wish you all the best for kick starting a fabulous and a challenging career at Tech Mahindra!

Here are the details:

Candidates meeting below mentioned academic eligibility
can register their candidature at the site:

Instructions for registration are available at the site.

Registration must be done by the candidates themselves.

Registrations would remain open till **15th November 2020**.

Academic Eligibility:

- Qualifying courses – BE/B.Tech - CS/CE/IT/E&C/E&TC/Telecom/Communication/Electronics or MCA
- Candidate should have passed out qualifying course in **2020 without any backlog and 2021 pass outs are also eligible**
- Should have scored min. of 60% in SCC/10th, HSC/12th /Diploma (in case done) and BE/B.Tech/MCA
- Not more than 1-year gap since SSC and that too not after joining a course. Means, no loss of academic year after joining a course.

Selection Process:

- Candidates shortlisted from the registered list will be called for the series of assessments - Aptitude Test, Communication Test, Technical (Basic Programming Test) and Business Interview with each of these acting as filter for next stage on selection process.
- Online assessment(s) would be conducted before onboarding the student to the internship program.
- All rounds of assessments will be conducted virtually.
- Assessment details will be communicated to eligible students over a mail.
- Candidate holding certifications like OCP, MCP, AWS, RPA, SAP, Coursera (in credit mode), edX (in credit mode) etc, would be given the preference.

On selection

- Candidate will be guided through 1 month of self-mode learning with mentoring, prior to 8 months of internship
- Candidate will be provided with full-time working opportunity based on performance and confirmation will be communicated at the end of 6 months of internship.

Workplace & Timings:

Candidate should be willing to work at any of the TechM Development Center's or Client Locations spread across country as per the company specified work timings including shift working.
