Creativity & Innovation

Encourage creative experimentation, embrace new ideas and institutionalize continuous improvement in all aspects of business and performance.

Social Responsibility

Dedicate efforts to social and environmental issues to enrich the quality of life of the communities we serve.

Brief Organization Profile O.P. JINDAL GROUP

In a short span of seven decades, the O.P Jindal Group has emerged as one of the most dynamic global business conglomerates and established leadership position in all business activities.

Founded in 1952 by Shri O.P Jindal, a first-generation entrepreneur, the group today is a leading steel producer with interests spanning across the spectrum from mining iron ore to manufacturing value-added steel products.

The O.P. Jindal Group is headed by Smt. Savitri Jindal. The group's strength lies in the dynamic and rigorous approach of its leaders: the four sons of Shri O.P. Jindal. The four brothers are today taking forward the rich legacy of their father.

Pillars of O.P. Jindal Group

Global Presence of Jindal Saw Limited

Who We Are

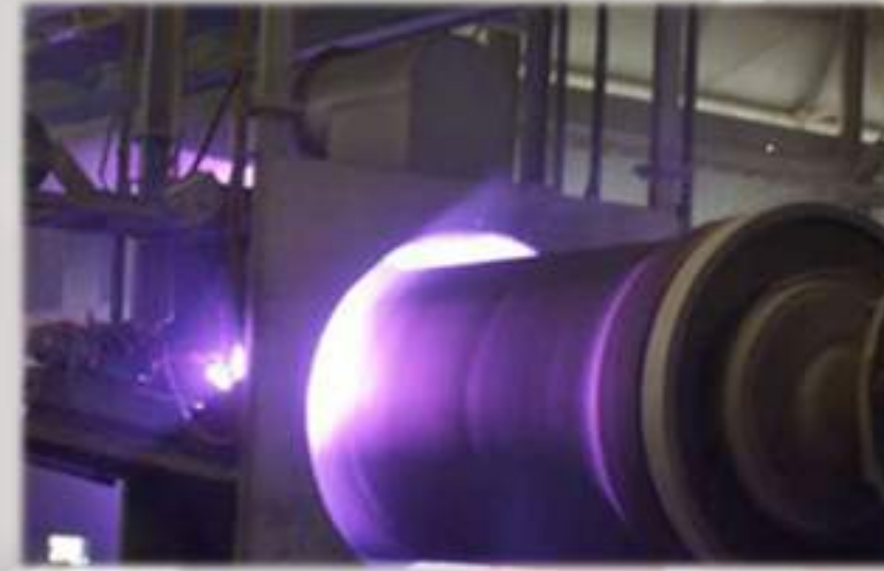

Jindal SAW Ltd. is the market leader, capacity-wise, in the manufacturing of large diameter Submerged Arc Welded (SAW) Pipes using U-O-E, J-C-O, and Helical processes. The SAW pipes are mainly used in the transportation of oil, gas, slurry and water.

The **first SAW pipe mill (UOE)** was commissioned in the year **1987 in Kosi Kalan**, Uttar Pradesh. With the opening of this mill, Jindal SAW Ltd. became the first pipe mill to produce LSAW pipes in India. Jindal SAW pipes are energy-efficient, reduce dependence on fossil fuels, and help conserve natural resources.

In addition, Jindal SAW provides relevant, value-added services by way of specialized internal and external Anti-Corrosion Coatings, Connector Casings, and Hot Pulled Induction Bends, to name a few, and has thus become a company that provides **TOTAL PIPE SOLUTIONS.**

Our Products

Large Diameter SAW Pipe

Spiral Pipe

CRA Stainless Steel Pipe

Our Customers

Jindal SAW manufactures **SAW Pipes (Submerged Arc Welded Pipes)** and spiral pipes for the energy transportation sector; carbon, alloy, and seamless pipes and tubes for industrial applications; and **Ductile Iron (DI) pipes** and fittings for water and wastewater transportation. Jindal SAW pipes are energy-efficient, reduce dependence on fossil fuels, and help conserve natural resources.

Why choose JSAW as a career option?

JSAW provides very open, fair, transparent and collaborative work culture. The Senior Management and Leadership team willingly extend their support and nurture the people through mentoring.

We, at JSAW believe in investing in Learning and Development of its employees as we firmly believe that people make businesses.

We are a growing and progressive company and we are looking for young talent who are willing to grow with us and contribute in retaining our competitive edge and market share globally.
