

Greetings from TASK!

We are pleased to invite you to participate in the Swecha Summer of AI, a 30-day internship program designed in compliance with AICTE norms.

This initiative is conducted in association with TASK, IIIT Hyderabad, and Ozonetel, offering students a robust platform to enhance their skills in artificial intelligence.

**Program Overview:** The Swecha Summer of AI aims to provide hands-on experience in AI technologies through a series of contact lectures, online talks, tutorials, and fieldwork.

Students are expected to commit a minimum of 40 hours to the program, ensuring substantial exposure to both theoretical and practical aspects of AI.

## Internship Highlights

**Cutting-Edge Projects:** The interns will be involved in groundbreaking efforts to build Indian Large Language Models (LLMs) and the world's first Supercomputing Cluster, AI@Home.

**Skill Development:** Students will acquire cutting-edge skills in AI, making them competitive in the tech industry.

**Networking Opportunities:** Interaction with professionals from esteemed institutions and industry partners.

**Certification:** Participants will earn a certificate upon completion, adding significant value to their professional profiles. Certification will be from Meta, Task, IIITH, and Ozonetel.

## Important Details:

**Dates:** The program starts on **June 23, 2024**.

**Fees:** There is an application fee of INR 200 per intern. The internship itself is free. Students will receive a certificate upon completing the required 40 hours.

We are enthusiastic about the potential impact this program could have on our students and the broader academic community at your institute. We would appreciate the opportunity to discuss this further and explore how we can best integrate this initiative within our institution.

Thank you for considering this proposal. We look forward to your positive response and hope to discuss this exciting opportunity at your earliest convenience.

Best Regards,

Sd/-
