Job Description for Aspiring Tech Mavericks

FinMkt currently has exciting opportunities opened-up to join one of the pioneers of rapidly growing FinTech organisations for the young aspiring '**Tech Mavericks**' who are willing to do more. FinMkt creates and develops their own software products which makes it an out and out technical organization with umpteen number of opportunities to grow.

We will collaborate to:

- Develop and deploy computer applications.
- Execute code builds to test and production environments.
- Fix bugs in existing code.
- Collaborate with product, design, and marketing teams.

We are looking for:

- Bachelor's degree or Higher (**CSE, IT, ECE, BSc Comp**)
- Must complete the course by Jan 2024.
- Highly passionate towards Innovation and Technology.
- Relevant Internships experience in development/personal projects would add value.
- Highly creative and autonomous.
- Excellent Communication Skills.
- Strong analytical and logical skills

Ideal Traits:

- Responsiveness
- Proactive in nature.
- Ability to write clean code.
- Problem-solving 'Can-do' attitude.
- Adaptable and flexible towards business needs.

What's in it for you?

- You get to apply your coding skills from Day 1.
- Expand your knowledge of various current technologies.
- You will gain good exposure in the fintech industry.
- An innovative Work Environment with great Culture.
