

## Job Announcement of Navaratna Eco Products

The T&P Team wishes to inform about a job opportunity at Navaratna Eco Products. Navaratna is looking for **ME** Graduates from the class 2025.

Website: [www.compostible.com](http://www.compostible.com)

**Role :** Production Planning and Control Associate (Shopfloor Management)

**Location :** Nalgonda, Telangana

### Job Description:

We are seeking a motivated and detail-oriented professional to join our manufacturing team. As an Entry-Level Production Planning and Control associate, you will be involved in ensuring the smooth operation of our production line, primarily working with Twin Screw Extruders, Blown Film Extruders, Cutting, Sealing, and Printing Machines. Our end products include compostable shopping bags, garbage bags, and pouches. You will play a crucial role in contributing to production schedules, managing the shop floor, and ensuring that manufacturing targets are met efficiently and sustainably.

### Key Responsibilities:

1. Collaborate with machine operators and shopfloor workers to ensure smooth production operations.
2. Manage production schedules and inventory, and assist in maintaining a clean and safe work environment.
3. Assist in troubleshooting and work closely with engineers to resolve issues.
4. Track and report daily production metrics.
5. Maintain records of production schedules, material usage, and machine maintenance.
6. Coordinate with the quality team to ensure final products meet required standards and customer specifications.

### Qualifications:

- **Education:** Bachelor's degree in Mechanical Engineering
- **Skills:**
  - ✓ Strong understanding of production planning and shop floor management.
  - ✓ Basic knowledge of Biopolymers, Twin Screw Extruders, Blown Film Extruders, and related machinery.
  - ✓ Ability to handle machines efficiently, concentrate on breakdowns, and promptly rectify issues.
  - ✓ Excellent problem-solving skills and attention to detail.
  - ✓ Strong communication and teamwork skills.

- ✓ Ability to work in a fast-paced manufacturing environment.
- ✓ Proficiency in MS Office

**What We Offer:**

- ✓ Hands-on training and development opportunities in a cutting-edge manufacturing environment.
- ✓ Opportunity to work with eco-friendly, sustainable products in the compostable packaging industry.
- ✓ Competitive salary and benefits package.
- ✓ A supportive and dynamic team environment focused on innovation and continuous improvement.

**Job location** – Nalgonda, Telangana

**CTC Offered-** 2.75 – 3.25 LPA
