Trainee Software Developer

West Agile Labs is a global software development and digital design company based in San Francisco with offices in Ukraine, Poland, and India. With a team of over 120 people, we work with both startups (including 7 from Y-Combinator) and enterprise organizations.

At West Agile Labs, we go the extra mile for our clients, on the first project, and on every project that follows. We offer consulting, design and development services to build great products, foster close relationships, and help grow incredible companies.

Our keen sense of emerging technologies and business acumen that culminates from years of experience producing sustainable and viable products built to last. We build smart. We build efficiently. We build because it's our passion.

Requirements:

We are looking for highly motivated candidates with a passion for technology who move fast and are capable of cracking and solving complex problems, and have a strong will to get things done.

You are expected to have:

- Excellent problem-solving skills.
- Good knowledge of Data Structures and Algorithms.
- Good understanding of Object-Oriented design and concepts.
- Good UNIX or Linux experience.
- Good understanding of database theory and solid background in RDBMS.
- Good Communication Skills

You will be working on cutting-edge web technologies building, designing, deploying and maintaining servers, web interfaces and mobile applications.

Benefits: When you become a full-time employee at West Agile Labs, you can avail the following benefits

Flexible working Hours: We know and understand the importance of work life balance and thus encourage employees to work flexible hours.

Certification Reimbursement: While you are continuously performing well, it is also important that you keep yourself updated on the latest technology trends in the market. So we support the employees by helping them financially and also provide suggestions by the industry experts upon the areas of certifications whenever required.

Health Insurance: You will be insured for group medical policy for a cover of INR 4,00,000 /- (INR Four Lakh Rupees only).

Accidental Insurance: In addition to the Health Insurance all you are also covered under the personal accident insurance, unto an amount of INR 10,00,000 /- (INR Ten Lakh Rupees only).

Covid Insurance: With the prevailing pandemic you will be covered for and Individual Covid -19 policy for INR 5,00,00 /- (INR Five Lakhs only)

Rewards & Recognition: Rewards for performance on a regular basis.

Birthday Leave: Your birthday needs to be celebrated and we understand if you want an off on your special day. One birthday Leave is added to your leave balance and can be used during the month of your birthday.

Maternity Leave: Full paid holiday for the period of 26 calendar weeks (Nearly 6 months).

Paternity Leave: Full Paid Holiday for a period of 7 business working days.
